About the NIM Programme

• VERTIC’s National Implementation Measures (NIM) Programme advises States on national implementation of the obligations under C-B-RN international instruments

• Our multilingual team of common and civil law lawyers provide legislative analysis and assistance across the international C-B-RN legal regime (‘one-stop shopping’ = no institutional mandate restrictions)

• NIM Programme was marked by expansion in 2012 into assistance with adherence to and implementation of international instruments to control nuclear and other radioactive material
What instruments are covered?

- Biological and Toxin Weapons Convention (BWC)
- Chemical Weapons Convention (CWC)
- Convention on the Physical Protection of Nuclear Material (CPPNM) (and Amendment)
