ARRANGEMENT OF SECTIONS

**Sections**

1. Short title.
2. Interpretation.
3. Description of poisons.
4. Licensing Officers.
5. General prohibition with respect to the importation and sale of poisons.
6. Prohibitions and provisions relating to the sale of poisons.
7. Exemptions in respect of medicines.
8. Exemptions in respect of sale.
9. Possession of poisons.
10. Issue of licences.
11. Different kinds of licence.
12. Licences to be numbered and registered.
13. Annual list to be published.

14. Forms of licence.
15. Search and search warrant.
16. Powers of exemption.
17. Penalties.
18. Jurisdiction.
19. Prosecutions.
20. Prohibition of sale to persons under 18.
21. Rules.

**SCHEDULE** — Poisons List

---

---

**POISONS ACT****An Act to regulate the importation, possession, manufacture, compounding, storage, transport and sale of poisons**

*Commencement: 1st July 1957* [S 61/57]

1. This Act may be cited as the Poisons Act. Short title.
  
2. In this Act, and in any rules made thereunder, unless the context otherwise requires — Interpretation.
  - “dentist” means a dentist licensed under the Medical Practitioners and Dentists Act and includes a Government dentist; Cap. 112.
  
  - “export”, with its grammatical variations and cognate expressions, in relation to Brunei Darussalam, means to take or cause to be taken out of Brunei Darussalam by land, air or water, otherwise than in transit;
  
  - “import”, with its grammatical variations and cognate expressions, in relation to Brunei Darussalam, means to bring or to cause to be brought into Brunei Darussalam by land, air or water, otherwise than in transit;
  
  - “in transit” means taken or sent from any country and brought into Brunei Darussalam by land, air or water (whether or not landed or transhipped in Brunei Darussalam) for the sole purpose of being carried to another country either by the same or another conveyance;
  
  - “licensed pharmacist” means a pharmacist licensed under this Act;

“licensed practitioner” means a Government Medical Officer or a registered medical practitioner licensed under this Act;

“Licensing Officer” means a person empowered by section 4 to issue licences for the purposes of this Act;

Cap. 112. “pharmacist” means any person who holds any degree, diploma or licence approved by the Medical Board constituted under subsection (1) of section 9 of the Medical Practitioners and Dentists Registration Act;

“Poisons List” means the Poisons Lists in the Schedule;

Cap. 112. “registered medical practitioner” means a medical practitioner registered under the Medical Practitioners and Dentists Registration Act;

“sale by way of wholesale dealing” means sale to a person who buys for the purpose of selling again;

Cap. 112. “veterinary surgeon” means a person who holds the diploma of membership of the Royal College of Veterinary Surgeons of England, or the diploma of a British or foreign veterinary institution or examining body approved by the Medical Board constituted under subsection (1) of section 9 of the Medical Practitioners and Dentists Registration Act.

Description of poisons.

**3.** (1) The substances specified in the Poisons List shall be deemed to be poisons within the meaning of this Act.

(2) His Majesty the Sultan and Yang Di-Pertuan in Council may, by notification in the *Gazette*, add to, remove from, or reinstate in the Poisons List any substance.

Licensing Officers.

**4.** His Majesty the Sultan and Yang Di-Pertuan may appoint any person to be a Licensing Officer, and any person so

appointed by him by name or office, may issue licences for the purposes of this Act.

5. No person shall without a licence from a Licensing Officer import, possess for sale, sell or offer for sale any poison.

General prohibition with respect to the importation and sale of poisons.

6. (1) It shall not be lawful —

Prohibitions and provisions relating to the sale of poisons.

(a) for any person to sell any poison unless —

- (i) he is licensed under this Act to sell poisons;
- (ii) the sale is effected in accordance with the provisions of the licence and with any conditions specified therein;
- (iii) the sale is effected on the premises specified in the licence;
- (iv) the sale is effected by or under the personal supervision of the person named in the licence;
- (v) where the poison is one included in Part I of the Poisons List, the sale is effected by or under the personal supervision of a licensed pharmacist or licensed practitioner,

(b) for any person to sell any poison by wholesale except to a person licensed under this Act to sell that poison.

(2) It shall not be lawful for a person to sell any poison unless the container of the poison is labelled —

(a) with the name of the poison;

(b) in the case of a preparation which contains a poison as one of the ingredients thereof, with particulars as to the proportion which the poison contained in the preparation bears to the total ingredients;

(c) with the word “Poison” or other prescribed indication of the character thereof;

(d) with the name of the seller of the poison and the address of the premises on which it was sold.

(3) Subject to any rules made under this Act dispensing with or relaxing any of the requirements of this subsection —

(a) it shall not be lawful to sell any poison to any person unless that person is known by the seller or by some person in the employment of the seller at the premises where the sale is effected, or is introduced by some person known to the seller as a person to whom the poison may properly be sold;

(b) the seller of any poison shall not deliver it until —

(i) he has made or caused to be made an entry in a book to be kept for that purpose stating the date of the sale, the name and address of the purchaser and of the person, if any, introducing him, the name and quantity of the substance sold and the purpose for which it is stated by the purchaser to be required;

(ii) the purchaser and the person introducing him, if any, have affixed their signatures to the entry aforesaid.

Exemptions in respect of medicines.

7. (1) Nothing in section 6 shall apply —

(a) to a medicine which is supplied by a registered medical practitioner for the purposes of medical treatment of his own patients;

(b) to a medicine which is supplied by a dentist for the purposes of dental treatment of his own patients;

(c) to a medicine which is supplied by a veterinary surgeon for the purposes of animal treatment;

(d) to a medicine which is dispensed by a licensed pharmacist on the premises specified in his licence;

(e) to a poison forming part of the ingredients of a medicine, except a patent or proprietary medicine, which is supplied by a licensed pharmacist on the premises specified in his licence,

if the requirements contained in subsections (2) and (3) are satisfied in relation thereto.

(2) The medicine must be distinctly labelled with the name and address of the firm or person by whom it is supplied or dispensed and with a serial number or other reference to the entry in the book required to be kept and used regularly under the provisions of subsection (3).

(3) On the day on which the medicine is supplied or dispensed there must be entered in a book which is kept and used regularly for the purpose of this provision but which need not be used exclusively for that purpose the following particulars —

(a) the date on which the medicine was supplied or dispensed;

(b) the ingredients of the medicine or, if the medicine is a proprietary medicine, the name of the medicine, and the quantity thereof supplied;

(c) if the medicine was dispensed by a licensed pharmacist, the name or initials and, if it is known, the address of the person by whom the prescription was signed, and the name and address of the person to whom, and the date on which the prescription was given;

(d) if the medicine was not so dispensed, the name and address of the person to whom it was supplied:

Provided that the provisions of this subsection shall, in the case of a medicine supplied on a prescription on which such medicine had been supplied by the seller on a previous occasion, be deemed to be complied with if the date on which the medicine is supplied and the quantity thereof supplied are entered in the book or in a book kept for the purpose of this proviso on that day or, if that is not reasonably practicable, on the day next following that day, together with a sufficient reference to any entry in the book duly recording the dispensing of the medicine by the seller on the first occasion.

(4) In the case of a medicine which is supplied or dispensed by a licensed pharmacist or licensed practitioner the medicine must have been compounded by or under the direct and personal supervision of a licensed pharmacist or licensed practitioner.

Exemptions of  
respect of sale.

**8.** Except as provided in any rules made under this Act, nothing in the provisions of subparagraph (v) of paragraph (a) of subsection (1) and subsections (2) and (3) of section 6, shall extend to or affect —

(a) the sale of poisons by way of wholesale dealing;

(b) the sale of poisons to be exported from Brunei Darussalam Darussalam;

(c) the sale of poisons to be used by a registered medical practitioner, dentist or veterinary surgeon for the purposes of his profession;

(d) the sale of poisons for use in or in connection with any hospital, dispensary or similar institution approved by an order, whether general or special, of the Director of Medical Services;

(e) the sale of poisons for use by or on behalf of a Government Department requiring the article for the purposes of the public service;

(f) the sale of poisons to a person or institution concerned with scientific education or research, if the article is required for the purpose of that education or research;

(g) the sale of poisons by persons licensed under this Act, either by way of wholesale dealing or for use by the purchasers thereof in their trade or business, to a person who requires the poison —

(i) for the purpose of his trade or business;

(ii) for the purpose of enabling him to comply with any requirements made by or in pursuance of any written law with respect to the medical treatment of persons employed by that person in any trade or business carried on by him.

9. (1) No person whether licensed under this Act or not shall knowingly keep or have in his possession or under his control any poison otherwise than —

Possession of  
poisons.

(a) in an unbroken case or package as received from the manufacturer;

(b) in a bottle, vessel, box, package or other receptacle distinctly labelled with the name of the substance contained therein and also bearing some distinction or mark indicating that it contains poison.

(2) In any proceeding under this section if any person is proved to have kept or had in his possession or under his control any poison he shall be deemed to have done so knowingly unless the contrary is proved by him.

(3) No person shall keep any poison for sale or for dispensing purposes except —

(a) as provided in paragraph (a) of subsection (1);

(b) in a bottle or other vessel tied over, capped, locked or otherwise safely secured in a manner different from that in which bottles or vessels containing non-poisonous substances are secured in the same warehouse, shop or dispensary;

(c) in a bottle or other vessel readily distinguishable by touch from the bottles or vessels in which non-poisonous substances are kept in the same warehouse, shop or dispensary;

(d) in a bottle, vessel, box or package kept in a room or cupboard under lock and key set apart for the keeping or storage of dangerous substances.

Issue of  
licences.

**10.** (1) A Licensing Officer may issue to any person, subject to such special conditions and limitations as the Licensing Officer may think fit, any of the licences referred to in section 11:

Provided that no licences shall be issued to a medical practitioner other than licences to import, possess, and sell poisons by retail in his own personal practice or business, or in a practice or business partnership of which every member is a medical practitioner.

(2) A Licensing Officer, if it appears expedient to him to do so, may cancel any licence issued under subsection (1).

(3) Every licence shall, unless previously cancelled, remain in force until the 31st day of December in the year in respect of which the licence is issued.

(4) Such fees as may be prescribed shall be charged on the issue of each licence.

(5) Any person to whom a Licensing Officer refuses to issue a licence or whose licence is cancelled under the provisions of subsection (2) may appeal to His Majesty in Council whose decision shall be final and conclusive.

11. (1) Licences may be —

Different kinds of licence.

(a) licences to import and store poisons;

(b) wholesale and retail licences to deal generally in poisons;

(c) wholesale licences to keep and sell by wholesale the poisons specified in such licences;

(d) retail licences to keep and sell the poisons specified in such licences.

(2) There shall be implied in every licence issued under this Act the condition that the licensee is bound to comply —

(a) with all the terms and conditions set out in the licence;

(b) with all the provisions of this Act;

(c) with all the provisions of any rule that may from time to time be made under this Act.

(3) For the purposes of this section the expression “to keep” shall include the custody of poisons by a licensee in the course of his employment.

(4) Every licence issued under this Act shall be personal to the licensee named therein and shall not in any case be transferable to another person and no licence shall authorise the sale of any poison by any person other than the person named therein:

Provided that it shall be lawful for a Licensing Officer, if he sees fit, to amend the description on a licence of the premises at which the person licensed carries on the business or profession in connection with which he is licensed.

12. (1) All licences issued in Brunei Darussalam shall be numbered consecutively in the year in respect of which they are issued, commencing each year with the number one.

Licences to be numbered and registered.

(2) Each Licensing Officer shall keep a register of Licences issued by him showing all the particulars of each licence granted by him and the entries in the register shall be numbered to correspond with the serial numbers of the licences and there shall be noted in the register in the event of the cancellation of any licence the date of such cancellation.

(3) Any extract from or copy of an entry in a register kept under this section shall, until the contrary is proved be evidence of the facts stated therein if such extract or copy is certified under the hand of a Licensing Officer to be a true extract or copy.

Annual list to be published.

**13.** (1) The Director of Medical Services shall in or about the month of February in each year cause to be printed and published in the Gazette lists of all persons licensed under this Act with the nature of the licence or licences granted to each such person, and specifying the profession or business and the premises in respect of which such licences have been granted. Lists of all such licences issued after the publication of the annual list shall from time to time be published in the *Gazette*.

(2) In such lists the names shall be in alphabetical order, according to the surname or seh when such name or its equivalent is used by the licensed person, and otherwise according to the personal name of the licensed person followed by his father's name.

(3) Every list so published as aforesaid shall be evidence that the persons therein named are licensed under this Act as therein stated and the absence of any name from such list shall be evidence until the contrary has been proved that such person is not licensed under this Act.

Forms of licence.

**14.** Licences issued under this Act shall be substantially in the forms prescribed with such variations as circumstances may require.

Search and search warrants.

**15.** (1) A Licensing Officer or any officer of the Medical Department authorised in writing by a Licensing Officer or any police officer not below the rank of inspector may enter at all reasonable times upon any premises in which poisons are

---

reasonably believed by such officer to be kept or stored and by himself or by some other person accompanying him and acting under his instructions and in his presence may search such premises and take samples of any substance found therein and reasonably believed to be or to contain a poison.

(2) Any officer referred to in subsection (1) may in like manner inspect and take extracts from any book or record relating or reasonably believed to relate to any dealing in or with poisons wherever and by whomsoever kept and whether kept under the provisions of this Act or of any rules made under this Act or otherwise and for the purpose of such inspections or taking of extracts may enter at all reasonable times upon any place whatsoever.

(3) In any case in which it shall appear to any magistrate upon the oath of any person that there is reasonable cause to believe that in any premises there is concealed or deposited any substance in respect of which an offence has been committed against this Act, such magistrate may, by warrant addressed to any police officer not below the rank of inspector or to any senior officer of customs empower such officer to enter upon and search by day or night any premises within the jurisdiction of such magistrate and to take possession of any such substance and to arrest any person being in such premises in whose possession such substance may be found or who is reasonably suspected by such officer to have concealed or deposited such substance therein, and any officer to whom such warrant may be directed may in case of obstruction or resistance break open any outer or inner door of such premises and any cupboard, chest, trunk or package or other receptacle and by force, if necessary, enter upon any part of such premises and remove any obstruction to such entry, search or seizure and detain any person found in such premises until the search has been completed.

(4) In this section “senior officer of customs” has the same meaning as in the Customs Act.

Powers of exemption.

**16.** His Majesty in Council may by order published in the *Gazette* exempt from the operation of this Act or of any specific provision thereof or rule thereunder —

(a) any specified persons or class of persons;

(b) any chemical commonly used for any process in connection with a trade, manufacture or industry,

but every such exemption shall be subject to such instructions and conditions as His Highness in Council may think fit to impose either generally or in any particular case.

Penalties.

**17.** (1) Any person who acts in contravention of any of the provisions of this Act or of any rule or order made thereunder, shall except in so far as his act comes within one of the exemptions made by sections 7 and 8, be guilty of an offence: Penalty, a fine of \$8,000 or, in default of payment, imprisonment for 6 months:

Provided that if the act or omission charged amounts, in the opinion of the court before which he is tried, to such a degree of negligence as to endanger or be likely to endanger, human life, then such person shall be guilty of an offence: Penalty, a fine of \$16,000 and imprisonment for 12 months.

(2) Any person who would have been guilty of an offence against the provisions of this Act or of any rule or order made thereunder if anything had been done or omitted by him personally shall be guilty of such offence and be liable to the same penalty if such thing had been done or omitted by his partner, agent or servant, unless he proves to the satisfaction of the court that he took all reasonable precautions to prevent the doing or omission of such thing; but so that nothing in this subsection shall affect the liability of such partner, agent or servant, and provided that the liability of such person shall not extend to imprisonment unless he is privy to the offence.

(3) Where any person convicted of an offence against the provisions of this Act or of any rule or order made thereunder is a body corporate every person who, at the time of commission of the offence, was a director, manager, secretary or

other officer of the body corporate, or was purporting to act in any such capacity, shall be deemed to be guilty of that offence unless he proves that the offence was committed without his knowledge, or that he exercised all due diligence to prevent the commission of the offence.

(4) Any poison in respect of which an offence has been committed by any unlicensed person in contravention of any provision of this Act or of any rule or order made thereunder shall, upon that person being convicted of the said offence, be forfeited and shall be handed over to the Director of Medical Services for disposal.

(5) Every penalty or forfeiture imposed under this Act shall be in addition to and not in substitution for any other penalty to which the accused may be liable under any other law and no conviction under this Act shall be pleaded in any civil proceedings in mitigation of damages claimed against the person convicted.

**18.** The Court of a Magistrate shall have jurisdiction to hear and determine all prosecutions under this Act and, notwithstanding anything to the contrary contained in the Criminal Procedure Code, such a Court shall have power to impose the full penalty or punishment provided by this Act.

Jurisdiction.

Cap. 7.

**19.** (1) No prosecution for any offence under this Act or any rule made thereunder shall be instituted except with the sanction of the Public Prosecutor or a Deputy Public Prosecutor.

Prosecutions.

(2) In any prosecution under this Act the burden of proving that any poison found in the possession of the accused was not kept for sale shall be upon the accused.

**20.** (1) No poison shall be sold to any person under 18 years of age.

Prohibition of sale to persons under 18.

(2) Any person contravening the provisions of this section shall be guilty of an offence: Penalty, a fine of \$4,000 or imprisonment for 6 months.

(3) It shall be a sufficient defence to any charge under subsection (1) that the person charged had reasonable cause to believe that the person to whom such sale was made was above the age of 18 years.

Rules.

**21.** His Majesty in Council may make rules to carry out the purposes of this Act and, in particular, but without prejudice to the generality of the foregoing powers, may make rules with respect to any of the following matters or for any of the following purposes —

(a) the importation, use, and control of poisons, and any precautionary measures relating thereto;

(b) the manufacture of preparations containing poisons;

(c) the sale, whether by wholesale or retail, or the supply of poisons, by or to any person or class of persons, including —

- (i) regulating or restricting the sale or supply of poisons by persons licensed under paragraph (c) or (d) of subsection (1) of section 11 and prohibiting the sale of any specified poison or class of poisons by any class of such persons;
- (ii) prohibiting the sale by retail of poisons included in Part I of the Poisons List except on a prescription duly signed by a licensed practitioner, licensed dentist or licensed veterinary surgeon, and prescribing the form and regulating the use of prescriptions given for the purpose of rules made under this paragraph;
- (iii) dispensing with or relaxing with respect to any specified poison any of the provisions contained in this Act or in any

---

rule made thereunder relating to the sale of poisons,

- (d) the storage, transport and labelling of poisons;
- (e) the containers in which poisons may be sold or supplied;
- (f) the addition to poisons of specified ingredients for the purpose of rendering them readily distinguishable as poisons;
- (g) the compounding and dispensing of poisons;
- (h) the period for which any books required to be kept for the purposes of this Act are to be preserved;
- (i) requiring persons in control of the manufacture of pharmaceutical preparations containing poisons to be licensed pharmacists or persons possessing prescribed qualification in chemistry;
- (j) prescribing the coverings, stoppers and fastenings of and the marks to be placed or made on or on the coverings of or on the labels affixed to any vessel, bottle, case, package, box or other receptacle or container whatsoever in which any poison is kept, stored, sold or in any way dealt with;
- (k) prescribing the form of licences, registers and returns;
- (l) fixing fees and exempting any person or body of persons from the payment of such fees.

**SCHEDULE****POISONS LIST****(Sections 2 and 3)**

In the construction of this list, unless the contrary intention appears —

1. A reference to a substance shall include a reference to that substance prepared either from natural sources or synthetically or artificially.
2. A reference to a substance shall include a reference to that substance when contained as such in any preparation, solution, admixture or natural substance.

**PART I**

Acebutolol  
 Acepromazine; its salts  
 Acetanilide; alkyl acetanilides  
 Acetazolamide; its salts  
 Acetic anhydride  
 Acetohexamide  
 Acetorphine; its salts; its esters and others; their salts  
 Acetylcarbromal  
 Acetylcholine chloride  
 Acetylcysteine  
 Acetyldigitoxin  
 Acetyldihydrocodeine; its salts  
 Acetylmethadol; its salts  
 Adiphenine hydrochloride  
 Alclofenac  
 Alcuronium chloride  
 Alhyl flourides other than those specified in Part II of this list  
 Alkaloids, the following; the quaternary compounds, any salt simple or complex, of any substance falling within the following —  
     Aconite, alkaloids of  
     Atrophine  
     Belladonna, alkaloids of  
     Brucine  
     Calabar Beans, alkaloids of  
     Cocaine  
     Codeine, its esters and ethers  
     Colchicum, alkaloids of  
     Coniine  
     Cotarnine  
     Curare, alkaloids of; curare bases  
     Ecgonine, its esters and ethers  
     Emetine  
     Ephedra, alkaloids of  
     Ergot, alkaloids of, hydrogenated or not; their homologues  
     Gelsemium, alkaloids of  
     Homatropine

---

Hyoscine  
Hyoscyamine  
Jaborandi, alkaloids of  
Lobelia, alkaloids of  
Morphine, its salts; its esters and ethers; their salts  
Nicotine  
Papaverine  
Pomegranate, alkaloids of  
Quebracho, alkaloids of, other than the alkaloids of, Red Quebracho  
Rauwolfia, alkaloids of; their derivatives  
Sabadilla, alkaloids of  
Solanaeous alkaloids not otherwise included in this list  
Stavesacre, alkaloids of  
Strychnine, its salts and quaternary compounds  
Thebaine  
Veratrum, alkaloids of  
Yohimba, alkaloids of  
Allopurinol  
Allylisopropylacetylurea  
Allylprodine; its salts  
Alphacetylmethadol; its salts  
Alphachloralose  
Alphadolone; its salts  
Alphameprodine; its salts  
Alphamethadol; its salts  
Alphaprodine; its salts  
Alphaxalone  
Alprenolol; its salts  
Amantadine; its salts  
    Ambenonium chloride  
    Ambuside  
    Ametaxole hydrochloride  
    Amethocaine; its salts  
    Amiloride hydrochloride  
    Amidopyrine, its salts; amidopyrine sulphonates; their salts  
    Amino-alcohols esterified with benzoic acid, phenylacetic acid, cinnamic acid, or the derivatives of these acids; their salts  
    p-Aminobenzenesulphonamide; its salts; derivatives of  
    p-aminobenzenesulphonamide having any of the hydrogen atoms of the p-amino group or of the sulphonamide group substituted by another radical; their salts  
    Aminocaproic acid  
    Aminopterin  
    Aminorex, its salts  
    p-Aminosalicylic acid; its salts  
    Amitriptyline; its salts  
    Amyl Nitrite  
Androgenic, oestrogenic and progestational substances, the following —  
Benzoestrol  
Derivatives of stilbene, dibenzyl or naphthalene with oestrogenic activity; their esters  
Steroid compounds with androgenic or oestrogenic or progestational activity; their esters

- Anileridine; its salts
- Antibiotics, the following, their salts; their esters and salts of such esters —
- Actinomycins
  - Amikacin
  - Amphotericin
  - Amphotericin
  - Bacitracin
  - Bleomycin
  - Cabimicina
  - Candididin
  - Capreomycin
  - Cephaloglycin
  - Cephaloridine
  - Cephalosporins, that is to say, the antimicrobial substances containing in their chemical structure a fused dihydrothiazine B-lactam nucleus
  - Chloraphenicol
  - Chlortetracycline
  - Chromomycin A
  - Clindamycin
  - Colimycin
  - Cycloserine
  - Demethylchlortetracycline
  - Dihydrostreptomycin
  - Erthromycin
  - Flavomycin
  - Flucytosine
  - Framycetin
  - Fumagillin
  - Fusidic acid
  - Gentamycin
  - Gramicidins
  - Griseofulvin
  - Hachimycin
  - Kanamycin
  - Kanendomycin
  - Lincomycin, that is to say, the S-alkyl derivatives of 6, 8-dideoxy-6-trans (4-alkyl-L-2 pyrrolidine carboxamido) 1-thio-D-erythro-oc-D-galactopyrano-side, and N-methylpyrrolidine analogues thereof
  - Methacycline
  - Minocycline
  - Mithramycin
  - Mitomycins
  - Neomycin
  - Natamycin
  - Novobiocin
  - Nystatin
  - Oleandomycin
  - Oxytetracycline
  - Paromomycin
  - Penicillin, its salts and its derivatives
  - Polymyxins and their salts
  - Rifamycins, that is to say, a group of related antimicrobial microlactans, either produced by the growth of streptomyces mediterranei or by modi-

fication of such products, and containing the chemical structure of 11-acetoxy, 7, 9, 15-trihydroxy-13-methoxy-2, 6, 8, 10, 12-pentamethyl pentadec-2, 4, 14-trienoic acid amide, attached by the nitrogen atom and by the oxygen atom in the 15 position respectively to the 7 and 2-positions of a 5, 6, 9-trioxygenated 2, 4-dimethyl-a-oxonaphtho (2, 1-b) furan; any salt or ester of a substance comprised in this entry and any salt of such ester.

Ristocetins and their salts

Spectinomycin and its salts, its esters and salts of such esters

Spiramycin and its salts

Streptomycin and its salts, its derivatives and salts of such derivatives

Tetracyclines, that is to say, the antimicrobial substances containing the chemical structure naphthacene-2-carboxamide, hydrogenated to any extent and having each of the positions 1, 3, 10, 11, and 12 substituted by a hydroxyl or an oxo group, and their salts

Thiamphenicol

Tobramycin

Trichomycin

Tylosin

Tyrothricin

Ureamicin

Vancomycin and its salts

Viomycin and its salts

Virginiamycin and its salts

Antihistamine substances the following; their salts; their molecular compounds —

Antazoline

Bromodiphenhydramine

Buclizine

Carbinoxamine

Chlorcyclizine

Chlorpheniramine

Cinnarizine

Clemizole

Cyclizine

Cyproheptadine

3-D-n-butylaminomethyl-4, 5, 6-trihydroxyphthalide

Dimethpyrindene

Diphenhydramine

Diphenylpyraline

Doxylamine

Isothipendyl

Mebhydrolin

Meclastine

Meclozine

Phenindamine

Pheniramine

Phenyltoloxamine

Promethazine

Pyrrobutamine

Thenalidine

Tolpropamine

Triprolidine

---

Substances being tetra-N-substituted derivatives of ethylenediamine or propylenediamine  
 Antimony, chlorides of, antimonates, organic of compounds of antimony  
 Apioi  
 Apomorphine; its salts  
 Aprotinin  
 Arsenical substances, the following, except those specified in Part II of this list, halides of arsenic, oxides of arsenic, arsenates, arsenites, organic compounds of arsenic  
 L-Asparaginase  
 Atenolol  
 Azacyclonol; its salts  
 Azapropazone  
 Baclofen  
 Barbituric acid; its salts; derivatives of barbituric acid; their salts, compounds of barbituric acid, its salts, its derivatives, their salts, with any other substance  
 Barium, salts of, other than barium sulphate and the salts of barium specified in Part II of this list  
 Beclamide  
 Bemegride  
 Benactyzine, its salts, its quaternary compounds  
 Benapryzine; its salts  
 Benserazide hydrochloride  
 Benzbromarone  
 Benzethidine; its salts  
 Benzhexol  
 Benzilium bromide  
 Benzocaine  
 Benzoctamine; its salts  
 Benzoylmorphine; its salts  
 Benztropine and its homologues; their salts  
 Benzylmorphine; its salts  
 Betacetylmethadol; its salts  
 Betahistine; its salts  
 Betameprodine; its salts  
 Betamethadol; its salts  
 Betaprodine; its salts  
 Bethanechol chloride  
 Bethanidine; its salts  
 Bezitramide; its salts  
 Biperiden; its salts  
 Bretylium; its salts  
 Bromhexine hydrochloride  
 Bromocriptine mesylate  
 Bromvaletone  
 Bufexamac  
 Buformin; its salts  
 Bufotenine; its salts; its esters and ethers; their salts  
 Bumetanide  
 Buphenine hydrochloride  
 Bupivacaine; its salts  
 Busulphan; its salts

Creosote obtained from wood  
Cropropamide  
Crotethamide  
Croton, oil of  
Curare  
4-Cyano-2-dimethylamino-4, di-diphenylbutane; its salts  
4-Cyano-1-methyl-4-phenylpiperidine; its salts  
Cyclarbamate  
Cyclofenil  
Cypentolate hydrochloride  
Cyclophosphamide  
Cycrimine; its salts  
Cyproterone; its salts  
Cytarabine; its salts  
Dacarabazine  
Dapsone; its salts  
Danazol  
Dantrolene sodium  
Daunorubicin; its salts  
Deanol; its salts  
Debrisoquine; its salts  
Dehydroemetine; its salts  
Demecarium bromide  
Deprodone; its salts; its esters; their salts; any acetyl derivatives and its salts  
Deptropine; its salts  
Desferrioxamine; its salts  
Desipramine; its salts  
Desomorphine; its salts; its esters and ethers; their salts  
Dexitimide  
Dextromethorphan; its salts  
Dextromoramide; its salts  
Dextrorphan; its salts  
Diacetylmorphine; its salts  
Diacetylnalorphine; its salts  
Diamino-diphenyl sulphones; their salts; their derivative  
Diampromide; its salts  
Diazepam and other compounds containing the chemical structure of dihydro-1 4-benzodiazepine substituted to any degree; their salts  
Diazoxide; its salts  
Dicyclomine; its salts  
Dibenzepin; its salts  
N-Diethylaminoethyl ephedrine; its salts  
NN-Diethyltryptamine (DET)  
Difenoxin  
Digitalis, glycosides of; other active principles of digitalis  
Dihydrallazine; its salts  
Dihydrocodeine; its salts; its esters and ethers; their salts  
Dihydrocodeinone; its salts  
Diloxanide Furoate  
Dihydromorphine; its salts; its esters and ethers; their salts  
Dimenoxadole; its salts  
Dimepheptanol; its salts; its esters and ethers; their salts

---

Dimepropion  
Dimercaprol  
Dimethothiazine mesylate  
2, 5-Dimethoxy-oc, 4-dimethylphenethylamine; its salts  
3-(1, 2-Dimethylheptyl-1-hydroxy-7, 8, 9, 10-tetrahydro-6, 6, 9 -trimethyl-6H dibenzo (b,d) pyran (DMHP)  
Dimethylthiambutene; its salts  
N, N-Dimethyltryptamine (DMT); its salts  
Dimethyltubocurarine; its salts  
Dimitrothymols  
Dinitronaphthols  
Dinitrophenols  
Dioxaphetyl butyrate; its salts  
Diperdone; its salts  
Diphenoxylate; its salts  
Dipipanone; its salts  
Disopyramide  
Distigmine; its salts  
Disulfiram  
Disulphamide  
Dithienylallylamines; dithienylalkylallylamines; their salts  
Dopamine; its salts  
Dothiepin; its salts  
Doxapram; its salts  
Doxepin; its salts  
Doxorubicin; its salts  
Drotebanol  
Dyflos  
Ecothiopate iodine  
Ectylurea  
Edrophonium chloride  
Elaterin  
Emepronium chloride  
Embutramide  
Emylcamate  
Erythryl tetranitrate  
Estramustine phosphate  
Etafedrine; its salts  
Ethacrynic acid; its salts  
Ethambutol; its salts  
Ethamivan  
Ethamsylate  
Ethchlorvynol  
Ethebenecid  
Ethinamate  
Ethionamide  
Ethoglucid  
Ethoheprazine; its salts  
Ethosuximide  
Ethylmethylthiamutene  
Ethylmorphine; its salts; its ester and ethers; their salts  
Etonitazene; its salts  
Etorphine; its salts; its esters and ethers; their salts

---

Etoxidine; its salts  
 Fazadinium bromide  
 Fencamfamin; its salts  
 Fenfluramine; its salts  
 Fenpropfen; its salts  
 Fenoterol  
 Fentanyl; its salts  
 Flavoxate; its salts  
 Fluanisone  
 Flufenamic acid; its salts; its esters; their salts  
 Fluoracetamide  
 Fluoroacetanilide  
 Fluorouracil; its salts  
 Flupenthixol; its salts  
 Fluprostenol; its salts  
 Flurbiprofen  
 Fluspirilene  
 Frusemide  
 Furaltadone  
 Furazolidone  
 Furethidine  
 Gallamine; its salts; its quarternary compounds  
 Glibenclamide; its salts  
 Glibornuride; its salts  
 Glipzide  
 Glutethimide; its salts  
 Glymidine  
 Guanethamide; its salts  
 Guanidines, the following —  
     polymethylene diguanidines di-p-anisyl-p-phenetyguanidine  
 Guanochlor; its salts  
 Guanoxan; its salts  
 Haloperidol and other 4-substituted derivatives of N-(3-p-fluorobenzoyl-  
     propyl) piperidine  
 Heparin  
 Hexachlorophene  
 Heamethonium; its salts  
 Hexapropymate  
 3-Hexyl-hydroxy-7, 8, 9, 10-tetrahydro-6, 6, 9-trimethyl 6H-dibenzo (b, d)  
     pyran (paraheyl)  
 Hydrallazine; its salts  
 Hydrazines, benzyl, phenethyl and Phenoxyethyl their oc methyl de-riva-  
     tives; acyl derivatives of any of the foregoing substances comprised in  
     this item; salts of any compounds comprised in this item  
 Hydrocodone; its salts  
 Hydrocyanic acid; cyanides, other than ferrocyanides and ferricyanides  
 Hydromorphanol; its salts; its esters and ethers; their salts  
 Hydromorphone; its salts; its esters and ethers; their salts  
 Hydroxycinchoninic acids, derivatives of; their salts; their esters  
 Hydroxy-N, N-dimethyltryptamines; their esters or ethers, any salt of any  
     substance falling within this item  
 Hydroxypethidine; its salts; its esters and ethers; their salts  
 Hydroxyurea

---

Hydroxyzine; its salts  
Ibuprofen  
Idoxuridine  
Imipramine  
Indomethacin; its salts  
Insulin  
Iprindole; its salts  
Iproniazid; its salts  
Isoaminile; its salts  
Isocarboxazid; its salts  
Isoetharine; its salts  
Isomethadone (isoamidone); its salts  
Isoniazid; its salts  
Isomethadone (isoamidone); its salts  
Isoniazid; its salts; its derivatives; their salts  
Isoprenaline; its salts  
Isopropamide iodide  
Ketamine; its salts  
Ketobemidone; its salts; its esters and ethers; their salts  
Ketoprofen  
Khellin  
Labetolol hydrochloride  
Laetrile  
Laudexium; its salts  
Lead acetates; compounds of lead acids from fixed oils  
Levadop; its salts  
Levomethorphan; its salts  
Levomoramide; its salts  
Levophenacylmorphan; its salts; its esters and ethers; their salts  
Levorphanol; its salts; its esters and ethers; their salts  
Lignacaine; its salts  
Lithium carbonate; sulphate  
Lofepamine  
Loperamide; its salts  
Lysergamide  
Lysergide and other N-alkyl derivatives of lysergamide; their salts, their quaternary compounds  
Mannityl hexanitrate; dimesylate  
Mannoumustine; its salts  
Maprotiline; its salts  
Mazindol  
Mebanazine; its salts  
Mebendazole  
Mebeverine hydrochloride  
Mebezonium iodide  
Mebutamate  
Mecamylamine; its salts  
Meclofenoxate; its salts  
Mefenamic acid; its salts; its esters; their salts  
Mefruside  
Melphalan  
Mepenzolate bromide  
Mepivacaine hydrochloride

Mephesisin; its esters  
Meprobamate  
Mercaptopurine; its salts; derivatives of mercaptopurine; their salts  
Mercury, oxides of; nitrates of mercury; mercuric ammonium chlorides; potassiomeric iodides; organic compounds of mercury which contain a methyl (CH<sub>3</sub>) group directly linked with the mercury atom; mercuric oxycyanides; mercuric thiocyanate  
Mersalyl  
Metaraminol tartrate  
Metaxalone  
Metazocine; its salts; its esters and ethers; their salts  
Metformin; its salts  
Methadone (amidone); its salts  
Methadyl acetate; its salts  
Methanthelium bromide  
Methaqualone; its salts  
Methdilazine hydrochloride  
Methimazole  
Methixene; its salts  
Methocarbamol  
Methotrexate  
Methoxamine hydrochloride  
Methoxsalen  
Methoxyphenamine; its salts  
Methsuximide  
Methylaminoheptane; its salts  
Methyldesorphine; its salts; its esters and ethers; their salts  
Methyldihydromorphine; its salts; its esters and ethers; their salts  
Methyldopa  
Methyldopate; its salts  
2-Methyl-3-morpholino-1, 1-diphenyl-propane carboxylic acid; its salts; its esters; their salts  
Methylpentynol; its esters and other derivatives *o*-Methylphenethylamine, *B*-methylphenethylamine and *o*-ethylphenethylamine; any synthetic compound structurally derived from any of those substances by substitution in the aliphatic part or by ring closure therein (or by both such substitution and such closure) or by substitution and such aromatic ring (with or without substitution at the nitrogen atom), except ephedrine, its optical isomers and H-substituted derivatives, fenfluramine, hydroxyamphenamine, methoxyphenamine, phenylpropanolamine, pholedrine and prenylamine; any salt of substance falling within this item  
1-Methyl-4-phenylpiperidine-4-carboxylic acid, esters of; their salts  
Methylphenidate; its salts  
Methyprylone  
Metoclopramide; its salts  
Metolazone  
Metomidate hydrochloride  
Metopon; its salts; its esters and ethers; their salts  
Metoprolol tartrate  
Metyrapone  
Mexizetine hydrochloride  
Mianserine hydrochloride

---

Mitobronitol  
Mitopodozide; its salts  
Molindone; its salts  
Monofluoroacetic acid; its salts  
Morazone  
Morinamide; its salts  
Morpheridine; its salts  
Morphine methobromide; morphine N-oxide and other pentavalent nitrogen morphine derivatives  
Mustine and any other N-substituted derivatives of di (2-chloroethyl) amine; their salts  
Myrophine; its salts  
Nafidrofuryl; its salts  
Nalidixic acid; its salts; its esters and salts of each esters  
Nalorphine; its salts  
Naloxone; its salts  
Naphazoline; its salts  
Naproxen  
Neostigmine; its salts  
Nialamide; its salts  
Nicocodine; its salts  
Nicodicodine; its salts  
Nicomorphine; its salts  
Nicoumalone  
Nifedipine  
Nifenazone  
Nikethamide  
Niridazole  
Nitrofurantoin  
Nitrofurazone  
Nitromin  
m-Nitrophenol; o-nitrophenol; p-nitrophenol  
Nitroprusside; its salts  
Noracymethadol; its salts  
Norcodine; its salts; its esters and ethers; their salts  
Norlevorphanol; its salts; its esters and ethers; their salts  
Normethadone; its salts  
Normorphine; its salts; its esters and ethers; their salts  
Norpipanone  
Nortriptyline its salts  
Nux vomica  
Opipramol; its salts  
Opium  
Orciprenaline; its salts  
Orthocaine; its salts  
Ouabain  
Oxalic acid; metallic oxalates  
Oxamniquine  
Oxedrine Tartrate  
Oxethazine; its salts  
Oxolinic acid  
Oxprenolol; its salts  
Oxybuprocaine hydrochloride

Oxycinchonic acid; its derivatives; their salts; their esters  
Oxycodone; its salts; its esters; their salts  
Oxymorphone; its salts; its esters and ether; their salts  
Oxypertin; its salts  
Oxyphenbutazone  
Oxyphenonium bromide  
Oxytoxins, natural and synthetic  
Pancuronium; its salts  
Papaverine; its salts  
Paraldehyde  
Paramethadione  
Parathyroid gland  
Pargyline; its salts  
Pemoline; its salts  
Pempidine; its salts  
Penicillamine; its salts  
Pentazocine; its salts  
Penthinene methobromide  
Pentolinium; its salts  
Perhexiline; its salts  
Pethidine; its salts  
Phenacaine hydrochloride  
Phenacemide  
Phenadoxone; its salts  
Phenaglycodol  
Phenampramide  
Phenazocine; its salts; its esters and ethers; their salts  
Phenbutazate  
Phencyclidine; its salts  
Phendimetrazine  
Phenelzine; its salts  
Phenethylamine and derivatives  
Phenetidylphenacetin  
Pheneturide  
Phenformin; its salts  
Phenindione  
Phenmetrazine; its salts  
Phenol and its homologues and preparations containing 60 per cent or more  
W/W phenol or its equivalent  
Phenomorphane; its salts; its esters and ethers; their salts  
Phenoperidine; its salts; its esters and ethers; their salts  
Phenothiazine, derivatives of; their salts; except dimethoxanate; its salts,  
and promethazine, its salts and its molecular compounds  
Phenoxybenzamine hydrochloride  
Phenoxypropazine; its salts  
Phenprocoumin  
Phensuximide  
Phentermine; its salts  
Phenylbutazone; its salts  
2-Phenylcinchoninic acid; 2-salicylcinchonic; their esters  
5-Phenylhydantoin; its alkyl and aryl derivatives; their salts  
4-Phenylpiperidine-4-carboxylic acid ethyl ester; its salts  
Phenylpropranolamine hydrochloride

---

Pholcodine; its salts; its esters and ethers; their salts  
Phosphorus, yellow  
Physostigmine; its salts  
Picric acid  
Picrotoxin  
Pilocarpine; its salts and quaternary compounds  
Pimiodine; its salts  
Pimozide; its salts  
Pindolol  
Pipernzolate bromide  
Piperidolate hydrochloride  
Pipradol; its salts; its esters and ethers  
Piracetam  
Pititramide; its salts  
Pituitary gland, the active principles of  
Pizotifen; its salts  
Podophyllum and podophyllum resin  
Poldine methylsulphate  
Polidexide; its salts  
Polymethylenebistrimethylammonium salts  
Poppy-straw and concentrate of poppy-straw  
Practolol  
Prazosin; its salts  
Prenylamine lactate  
Prilocaine hydrochloride  
Primidone  
Prindolol  
Probenecid  
Procainamide; its salts  
Procaine; its salts  
Procarbazine; its salts  
Prochlorperazine; its salts  
Procyclidine; its salts  
Procheptazine; its salts  
Prolintane hydrochloride  
Promazine; its salts  
Promoxolan  
Pronethalol; its salts  
Propanidid  
Propantheline bromide  
Properidine; its salts  
Propiram  
Propoxyphene; its salts  
Propranolol, its salts  
Propylhexedrine; its salts  
Prostaglandins  
Protamine; its salts  
Prothionamide; its salts  
Prothipendyl; its salts  
Protriptyline; its salts  
Protirelin  
Psilocin  
Psilocybin

Pyrazinamide; its salts  
Pyridostigmine bromide  
Quinethazone  
Quinidine; its salts  
Quinine; its salts  
Racemethorphan; its salts  
Racemoramide; its salts  
Racemorphan; its salts; its esters and ethers; their salts  
Rafoxanide  
Rauwolfia, alkaloids of; their salts; derivative of rauwolfia alkaloids; their salts  
Razoxane  
Rimiteral; its salts  
Ritodrine hydrochloride  
Salbutamol; its salts  
Salmefamol  
Savin, oil of  
Selenium sulphide  
Sodium cromoglycate  
Sodium fluoride  
Sodium valproate  
Solapsone  
Sotalol; its salts  
Spironolactone  
Strophanthus; glycosides of strophanthus  
Styramate  
Sulphinpyrazone  
Sulphonal; alkyl sulphonals  
Sulpiride  
Suprarenal gland medulla, the active principles of; their salts  
Suxamethonium; its salts  
Syrosingopine  
Tacrin hydrochloride  
Tamoxifen; its salts  
Terbutaline; its salts  
Terabenazine; its salts  
Thalidomide; its salts  
Thallium; its salts  
Thebacon; its salts  
Thiacetazone  
Thiambutene  
Thiambutozine  
Thiocarlid; its salts  
Thioguanine  
Thiopentane  
Thiotepa; its salts  
Thiothixene  
Thiouracil; its alkyl derivatives  
Thymoxamine hydrochloride  
Thyroid gland, the active principles of; their salts  
Tilidine  
Timolol; its salts  
Tofenacin; its salts

---

Tolazamide; its salts  
Tolbutamide; its salts  
Tranexamic acid  
Tranlycypromine; its salts  
Tretamine; its salts  
Triamterene  
Triaziquone  
Tribromethyl alcohol  
2, 2, 2-Trichloroethyl alcohol, esters of; their salts  
Trimeperidine; its salts  
Trimetaphan; its salts  
Trimethoprim  
Trimipramine; its salts  
Troxidone  
Tryptamine and derivatives  
Tubocurarine chloride  
Tybamate  
Urethane  
Urokinase  
Tasopressine, natural and synthetic  
Verapamil; its salts  
Viloxazine; its salts  
Vinblastine; its salts  
Vincristine; its salts  
Warfarin; its salts  
Yohimbine; its salts and quaternary compounds Zoxazolamine; its salts

**PART II**

Acetic Acid  
Aldicarb  
Aluminium phosphide  
Amitraz  
Ammonia  
Ammonium chlorate  
Ammonium perchlorate  
Arsenical substances, the following —  
    Arsenic sulphides  
    Arsenious oxide  
    Calcium arsenites  
    Copper acetoarsenite  
    Copper arsenates  
    Copper arsenites  
    Lead arsenates  
    Potassium arsenites  
    Sodium arsenates  
    Sodium arsenites  
    Sodium thioarsenates  
Barium; salts of, the following —  
    Barium carbonate  
    Barium silicofluoride  
Benzene

---

Benzidine  
 Carbofuran  
 Chlorinated hydrocarbons, the following —  
 Aldrin  
 Banzoximate  
 Benzene Hexachloride (BHC) (HCH)  
 Bromocyclen  
 Camphechlor  
 Captafol  
 Captan  
 Chlorbenside  
 Chlorbicyclen  
 Chlordane  
 Chlordecone  
 Chlordimeform  
 Chlorfenethol  
 Chlorfenson  
 Chlorfensulphide  
 Chlorobenzilate  
 Chloromembuform  
 Chloropropylate  
 Diophane (DD T)  
 PP<sup>o</sup> DD T  
 Dicofol  
 Dieldrin  
 Dienochlor  
 Diflubenzuron  
 Endosulfan  
 Endrin  
 Fenazaflor  
 Fenson  
 Fluorbenzide  
 Folpet  
 Gamma benzene hexachloride (Gamma-BHC)  
 HEOD  
 HHDN  
 Heptachlor  
 Isodrin  
 Kelevan  
 Methoxychlor (methoxy-DD T) (1, 1, 1-trichloro-2, 2-di-(p-methoxyphenyl) ethane)  
 Quintozene  
 TDE (Tetachlordiphenylethane)  
 Tetradifon  
 Tetrasul  
 Toxaphene  
 Allied chlorinated hydrocarbon compounds used as pesticides (insecticides, acaricides, etc.)  
 Chlorinate phenols; their salts  
 Chloropicrin  
 Chlormequat  
 Cyclohexamide

Cyhexatin  
Decarbufuran  
Diamines, the following; their salts  
    Phenylene diamines  
    Tolylene diamines  
    other alkylated benzene diamines  
Dimethrin  
Dimetilan  
Dinitroresols (DNOG); their compounds with a metal or base  
Dinosam; its compounds with a metal or a base  
Dinoseb; its compounds with a metal or a base  
Dioxacarb  
Diphenyl  
Diquat; its salts  
Drazoxolon; its salts  
Endothal; its salts  
Ethoxiquin  
Formaldehyde  
Formetanate  
Formic acid  
Fluometil  
Hydrochloric Acid  
Hydrofluoric acid; alkali metal bifluorides; ammonium bifluoride; potassium fluoride; potassium silicofluoride; silicofluoric acid; sodium silicofluoride;  
Lead tetra-ethyl and similar lead containing compounds  
Malonoben  
Mercuric chloride; mercuric iodide; organic compounds of mercury except compounds which contain a methyl (CH<sub>3</sub>) group directly linked to the mercury atom  
Metallic oxalates  
Metanil yellow (sodium salt of metanilylazodiphenylamine)  
Methomyl  
Methyl bromide  
Niclofolan  
Nicotine; its salts  
Nitric acid  
Nitrobenzene  
Nitrobenzol  
Orange II (sodium salts of p-(2-hydroxy-1-naphthylazo) benzene sulphonic acid  
Organo-tin compounds, the following —  
compounds of fentin  
Paraquat; salts of  
Phenols as defined in Part I of this list in substances containing less than 60 per cent, w/w, of phenols, compounds of phenol with a metal in substances containing less than 60 per cent, w/w, of phenols  
Phosphoric acid  
Phosphorous compounds, the following —  
Any substance derived from the molecule H<sub>3</sub>PO<sub>4</sub> by substitution of any of the hydrogen or oxygen atoms and used as pesticides (insecticides, acaricides, etc.) excepting —  
bromophos

bromophos-ethyl  
2-chloro-1-(2, 4, 5-trichlorophenyl) vinyl dimethyl phosphate  
diazinon  
dimethoate  
dipterex  
Penchlorphos  
fenitrothion  
fenthion  
malathion  
0, 0, 0' 0' -tetramethyl 0, 0' -thiodi-p-phenylene phosphorothioate piri-  
phos-methyl  
Potassium chlorate  
Potassium hydroxide  
Potassium perchlorate  
Sodium 4-(dimethylamino) benzene-diazosulphonate  
Sodium chlorate  
Sodium hydroxide  
Sodium nitrite  
Sodium perchlorate  
Sulphuric acid  
Zinc phosphide
