10.

review of proposals by ministries, departments, enterprises, and organizations for expanding production and sale of dual-use items and services and creating conditions for the integration of domestic production of those items into relevant sectors of the world economy, and for organizing joint activities of entities in the Kyrgyz Republic engaged in military and technical cooperation with foreign countries;

11.

decisions on matters related to export, import, re-export, and transit of controlled items, and drafting of proposals for the Government of the Kyrgyz Republic on quantitative restriction of foreign economic transactions involving controlled items and on the List of Countries (List No. 1) to which the export of those items is prohibited or restricted.

3. The CMTCEC has the right to:

1.

submit proposals to the Government of the Kyrgyz Republic on amending and supplementing the regulations of the Kyrgyz Republic concerning matters of military and technical cooperation and export control;

2.

coordinate the activities of governmental administrative agencies and entities engaged in military and technical cooperation in the field of export control and in matters related to military and technical cooperation with foreign countries;

3.

make decisions on export (re-export) and import in cases where military items have not been included in the List of Items Permitted for Transfer to Foreign Countries (List No. 2), or where a country to which transfer of military items is permitted has not been included in List No. 1;

4.

provide assistance to businesses in expanding production and sales of military items and services, in creating conditions for integration of domestic production of those items into relevant sectors of the world economy, and in organizing the joint activities of entities in the Kyrgyz Republic engaged in military and technical cooperation with foreign countries;

5.

coordinate the proposals of the security and defense agencies for sales of armaments and military equipment, their components and spare parts, and other military and technical assets removed from the inventory of the Armed Forces of the Kyrgyz Republic, as well as the basic production assets industrial stocks and other equipment of enterprises in the military-industrial complex of the Kyrgyz Republic;

6.

hear reports delivered at meetings of the CMTCEC by officials of ministries, state committees, and administrative agencies, enterprises, and organizations regarding their implementation of the regulatory enactments of the Kyrgyz Republic and the decisions of the CMTCEC in matters related to military and technical cooperation and export control;
