- (c) Where the costs and charges referred to in clause (a) of sub-section (2) are included in the transaction value of identical goods, an adjustment shall be made to take account of significant differences in such costs and charges between the goods being valued and the identical goods in question arising from differences in distances and modes of transport.
- (d) If, in applying the provisions of this sub-section, there are two or more transaction values of identical goods that meet all the requirements of this sub-section and clauses (b),(d),(e) and (f) of sub-section (13), the customs value of the imported goods shall be the lowest such transaction value, adjusted as necessary in accordance with clauses (b) and (c).

- (c) If neither the imported goods nor identical nor similar imported goods are sold in the country of importation in the condition as imported, then, if the importer so requests, the customs value shall be based on the unit price at which the imported goods, after further processing, are sold in the greatest aggregate quantity to persons in the country of importation who are not related to the persons from whom they buy such goods, due allowance being made for the value

(9) **FALL BACK METHOD.-** If the customs value of the imported goods cannot be determined under sub-sections (1),(5),(6),(7) and (8), it shall, subject to the rules, be determined on the basis of a value derived from among the methods of valuation set out in sub-sections (1),(5),(6),(7) and (8), that, when applied in a flexible manner to the extent necessary to arrive at a customs value.

(10) Sub-sections (1), (5), (6), (7), (8) and (9) define how the customs value of imported goods is to be determined under this Act. The methods of customs valuation are required to be applied in a sequential order except reversal of the order of sub-section (7) and (8), at the importer's request, if so agreed by Collector of the Customs.

(11) Nothing contained in this section or the rules, shall be construed as restricting or calling into question the rights of the appropriate officer of customs to satisfy himself as to the truth or accuracy of any statement, information, document or declaration presented for customs valuation purposes.

(12) An appropriate officer of Customs appointed by an order in writing by the Board, or Collector of Customs, on case to case basis, shall have free access to business premises, registered office, warehouses or any other place, where any stocks, business records or documents required under this Act are kept or maintained belonging to any person after serving notice to such person whose business activities are covered under this Act or who may be required for audit, inquiry or investigation in any offence committed under this Act by such person, his agent or any other person: and such officer may, at any time during the working hours, inspect the goods, stocks, records, data, documents, correspondence, accounts and statements

- (b) “identical goods” means goods which are the same in all respects including physical characteristics, quality and reputation. Minor differences in appearance would not preclude goods otherwise conforming to the definition from being regarded as identical;
- (c) “similar goods” means goods which although not alike in all respects, have like characteristics and like component materials which enable them to perform the same functions and to be commercially interchangeable. The quality of the goods, their reputation and the existence of a trademark are among the factors to be considered in determining whether goods are similar;
- (d) the terms “identical goods” and “similar goods” do not include as the case may be, goods which incorporate or reflect engineering development, art work, design work, and plans and sketches for which no adjustment has been made under sub-section 2(c) (iv) because such elements were undertaken in Pakistan;
- (e) goods shall not be regarded as “identical goods” or “similar goods” unless they were produced in the same country as the goods being valued;
