(a) that he has used all due diligence to enforce the provisions of this Part; and

(b) that the said other person had committed the offence in question without his consent, connivance or knowledge,

that other person shall be summarily convicted of the offence, and the employer shall not be guilty of the offence, and the person so convicted shall, in the discretion of the court, be also liable to pay any costs incidental to the proceedings.

(2) Where an employer seeks to avail himself of the provisions of the preceding subsection, the prosecution, as well as the person whom the employer charges with the offence, shall have the right to cross-examine him, if he gives evidence, and any witnesses called by him in support of his pleas, and to call rebutting evidence.

(3) Where it appears to the Commissioner that an offence has been committed in respect of which proceedings might be taken under this Part against some employer and the Commissioner is reasonably satisfied that the offence was due to the act or default of some other person and that the employer could establish a defence under subsection (1), then the Commissioner may cause proceedings to be taken against the person who committed the offence without first causing proceedings to be taken against the employer. In any such proceedings the said person who committed the offence may be charged with, and, on proof that the contravention was due to his act or default, be convicted of, the offence with which the employer might have been charged.

Penalties

25. Any employer who -

(a) fails to pay wages in accordance with the provisions of this Part; or

(b) gives any remuneration for services contrary to the provisions of this Part, or makes any

(d) contravenes or fails to comply with any order of the Commissioner made under this Part;

and any person employed at a place of employment, who contravenes the provisions of section 23(3) shall be liable to a fine of \$100 or in default of payment thereof to imprisonment for 6 months.

PART IV MINIMUM WAGE

Interpretation

26. In this Part, unless the context otherwise requires, the term "minimum wage" means the minimum rate of wages fixed as in this Part provided in respect of the particular occupation followed by the person concerned and applicable to that person.

Fixing of minimum wage

27. (1) The Minister may by order fix minimum rates of wages for workers in any occupation or in any class or grade of any occupation in the Gilbert Islands, either generally or in any specified area or district, in any case in which he is satisfied that the minimum rate of wages being paid to any persons employed in any such occupation is unreasonably low.

(2) Before making any order under this section fixing a minimum rate of wages for any workers the Minister shall consult with the representatives of the employers of such workers and with representatives of the workers.

Penalty for not paying wages in accordance with minimum rate

28. (1) Where any minimum rate of wages has been fixed under this Part, an employer shall in cases to which the minimum rate is applicable pay wages to the person employed at not less than the minimum rate, and if he fails to do so shall be liable in respect of each offence to a fine of \$40, and to a fine of \$10 for each day on which the offence is continued after conviction therefor.

(2) On conviction of an employer under this section for failing to pay wages at not less than the minimum rate to a person employed, the court may by the conviction adjudge the employer convicted to pay in addition to any fine such sum as appears to the court to be due to the person employed on account of wages, the wages being calculated on the basis of the minimum rate, but the power to order the payment of wages under this provision shall not be in derogation of any right of the person employed to claim recovery of wages due to him by civil proceedings.

Miscellaneous provisions with regard to legal proceedings

29. (1) Where any employer has been convicted for failing to pay wages at not less than the minimum rate to any person employed by him, and notice of intention so to do has been served with the summons, evidence may be given of any failure on the part of the employer to pay wages at not less than the minimum rate to such person at any time during the 2 years immediately preceding the date on which the complaint was made, and on proof of the failure the court may order the employer to pay to such person such sum as in the opinion of the court represents the difference between the amount which having regard to provisions of this Part ought properly to have been paid by way of wages during those years and the amount actually so paid.

(2) Where it appears to the Commissioner that any sum is due by an employer to any person by reason of the fact that wages have been paid to him at less than the minimum wage applicable, and that it is not possible to recover the sum so appearing to be due or some part of that sum by means of proceedings under this section, the Commissioner may, if it appears expedient so to do by reason of the refusal or neglect of such person to take the necessary proceedings, on behalf of and in the name of such Person institute civil proceedings before any court

of competent Jurisdiction for the recovery of the said sum.

Offence by agent

30. Where an employer who is charged with an offence against this Part proves to the satisfaction of the court that he has used due diligence to enforce the execution of this Part and that the offence was in fact committed by his agent or some other person without his knowledge, consent or connivance, he shall in the event of the conviction of that agent or other person for the offence be discharged in respect of the offence, without prejudice however to the power of the court under this Part to adjudge him to pay any sum which appears to the court to be due to the person employed on account of wages.

Employers not to receive premium where minimum rates in force

31. (1) Where a person employed in any occupation being a person to whom a minimum wage applies, is an apprentice or learner, it shall not be lawful for his employer to receive directly or indirectly from him, or on his behalf, or on his account any payment by way of premium:

Provided that nothing in the foregoing provisions shall apply to any such payment duly made in pursuance of any instrument of apprenticeship executed within 3 months of the commencement of the employment.

(2) If an employer acts in contravention of the provisions of this section he shall be liable in respect of each offence to a fine of \$40, and the court may upon conviction in addition to imposing a fine adjudge him to repay to the person by whom the payment was made the sum improperly received by way of premium.

Prevention of evasion

32. Any shopkeeper, dealer or trader who by way of trade makes any arrangement, express or implied, with any person in pursuance of which the person performs any work for which a minimum wage has been fixed, shall be deemed for the purpose of this Part to be the employer of such person, and the net remuneration obtainable by such person in respect of the work, after allowing for his necessary expenditure in connection with the work, shall be deemed to be wages.

Exemption

33. (1) The Commissioner may issue permits of exemption to infirm or disabled persons authorising the employment of such persons at less than the minimum wage fixed in respect of the occupation in which such persons are employed, and such permits may specify the conditions under which such persons may be so employed and the wage conditions specified in such permit shall, for the purposes of this Part, be deemed to be the minimum wage.

(2) Any minimum rate of wages may, with the written permit of the Commissioner, be subject to abatement by collective agreement; and thereupon during the continuance of such collective agreement the wage and conditions specified in such permit shall be deemed to be the minimum wage fixed in respect of the employed persons who are a party to such collective agreement.

(2) Save as in this section hereinafter provided it shall be an offence for any person to recruit workers except in accordance with the terms of a licence duly issued by the Commissioner under this Part.

Cancellation of licence

42. The Commissioner may cancel any licence in any case where the licensee has been convicted of an offence against the provisions of this Ordinance or has not complied with the conditions under which it was granted, or is guilty of conduct which in the opinion of the Commissioner renders him no longer a fit and proper person to hold a licence; and the Commissioner may suspend any licence pending the making of any inquiry which he may consider necessary or where proceedings are taken against the licensee pending the decision of the court.

Persons under the age of 18 not to be recruited

43. No person shall recruit a worker under the age of 18:
