Where the Secretary to the Ministry proposes to acquire any plant under section 25 of this Act, he shall cause to be served upon the person appearing to him to be the owner thereof a notice in writing (hereinafter referred to as a "notice of acquisition") specifying the plant to be acquired and requiring that person to make to him within a time specified in the notice a written declaration containing such particulars as may be so specified in regard to the ownership of that plant and to any agreement or charge by virtue of which any other person has an interest in that plant.

2. Upon the service of a notice of acquisition under paragraph 1 of this Schedule no plant to which the notice relates shall be removed from the premises in which the article is situate at the time of the service of the notice without the consent of such person as is specified in the notice; and if any person knowingly removes, or causes or permits to be removed, any article in contravention of this paragraph, he shall be guilty of an offence.

3. If it appears to the Secretary to the Ministry in consequence of any written declaration made to him in pursuance of paragraph 1 of this Schedule or otherwise that any person other than the person on whom the notice of acquisition was served is the owner of, or has an interest in, any article to which the notice relates, the Secretary to the Ministry shall cause to be served a copy of the notice of acquisition on that other person.

4. A notice of acquisition shall contain a statement to the effect that an objection may be made thereto within such time (not being less than twenty-eight days) and in such manner as may be specified in the notice, and if any such objection is duly made and not withdrawn, the Secretary to the Ministry shall afford an opportunity to the person making the objection of appearing before and being heard by a person appointed by the Secretary to the Ministry for the purpose, and if the person making the objection avails himself of the opportunity, the Secretary to the Ministry may afford to any other person to whom it appears to the Secretary to the Ministry expedient to afford it, an opportunity of being heard on the same occasion.

5. If any such objection as aforesaid is duly made and not withdrawn, the Secretary to the Ministry shall, after considering such objection and the report of the person appointed by the Secretary to the Ministry under paragraph 4 of this Schedule, cause to be served on the person upon whom the notice of acquisition or copy thereof was served a further notice in writing either withdrawing the notice of acquisition or confirming it as respect all the articles to which it relates or such of those articles as may be specified.

6. Any plant with respect to which a notice of acquisition is served under this Schedule shall

(a) if no objection is duly made to the notice, vest, absolutely and free from all encumbrances, in the Secretary to the Ministry at the expiration of the time for making such an objection, and

(b) if such an objection is duly made and the notice is confirmed as respects that article by a notice served under paragraph 5 of this Schedule, vest, absolutely and free from all encumbrances, in the Secretary to the Ministry on the service of the last-mentioned notice.
